[LIVE WEBINAR]

IEEE Authorship and OA Symposium:

Tips and Best Practices to Get Published from IEEE Editors

4 MAY 2023

3:00 p.m. CEST / 5:00 p.m. UAE /

10:00 a.m. AST / 9:00 a.m. EDT

REGISTER NOW

This webinar will include the perspectives of Dr. Paolo Bonato of Harvard University, USA who currently serves as the Editor-in-Chief of the *IEEE Open Journal of Engineering in Medicine and Biology*. Given his vast editorial experience, Dr. Bonato will provide critical insights on IEEE's peer review and submission processes and tips on what editors look for in submissions. Other presenters from IEEE will also cover topics such as open access programs for institutions, research strategies using IEEE Xplore Digital Library, author tools, and other important resources for authors.

Topics Include:

- How to increase the visibility and impact of your research
- Tips and best practices to improve your chances of getting published
- What editors and reviewers look for in submissions
- Common reasons why papers are rejected
- Selecting the right publication for your research submission
- Reasons to consider open access journals for your submissions
- Open access options available from IEEE for authors and institutions
- Research strategies using the IEEE Xplore Digital Library
- Authorship tools available for promoting open science
- Live Q&A: Our experts answer your questions live!
